DAY 2 - EXPLORING LAKE COMO

This morning we head up the western side of Lake Como with our local expert guide. The first stop is at the impressive 17th century village of Tremezzo. Here we take in the views and the architecture before making a visit to the Villa Carlotta. This 16th century home, built by the Clerici family, is now an important museum filled with statues, paintings and neo-classic furniture. In the garden, one can admire trees and plants that come from all parts of the world: pergolas of vines, imposing camellia bushes, Australian trees, palms, tropical plants and rare conifers. From the gardens and terraces of the villa there are the amazing views over the center of the lake, to Bellagio, le Grigne and il Legnone.

You will have time for lunch at leisure before we arrive to spend the afternoon at another lakeside village, Menaggio. Menaggio is located on the western shore of Lake Como, with a beautiful panoramic position overlooking the mountain and the lake as it heads towards Switzerland. The pleasant climate has made this a popular resort for more than a century.

Return to Como Town for the evening, with dinner and evening at leisure.

DAY 3 - ON THE WATER- LAKE COMO BY BOAT

This morning we experience what it might be like to live here, heading out from the hotel on foot to walk the short distance to the Port of Como to take the local boat. We cruise on the lake for a couple of hours in the company of a local guide, before arriving at Bellagio for a guided walking tour of this charming little lakeside town.

It is no mistake that Bellagio is known as the "pearl" of Lake Como. For centuries, its scenic location has enchanted artists and writers, not only from Italy, but also from abroad. It is situated on the tip of a headland that divides the lake into the two legs of Como and Lecco. Bring your camera- from here you will get a good view of the whole lake. On a particularly clear day, one can make out the Alps, from Mont Blanc to the Ortles, and even the Madonnina on top of the Duomo of Milan!

Explore together the Villa Serbelloni in Bellagio. Built in 1605 in the high part of the town, it is actually the property of the Rockefeller Foundation which uses it as a study and conference centre. The villa gardens have 12 miles of pathways, bordered with cypress and olive trees and with geometrically designed plants. The panorama overlooks two branches of the lake with views of extraordinary beauty.

We will enjoy lunch together today before taking another ferry to picturesque Varenna on the eastern bank of Lake Como. We will walk off our Italian dining experience with a guided walking tour before taking the hydrofoil to return to Como for an evening at leisure.

Included meals: Lunch

We enjoy lunch together today at an excellent restaurant for a classic Milanese tasting meal before a visit to the Pinacoteca di Brera- one of Italy's most important art galleries which an especially impressive collection of paintings by Italian masters from the fourteenth to the twentieth century.

We will return to Como Town with dinner and evening at leisure.

We head out on foot again today to walk the short distance round to the cable-car station in Piazza de Gasperi.

We will take the 500 metre cable-car up to the picturesque hill-top village of Brunate. With a maximum gradient of 55%, the ascent takes just over 6 minutes. Brunate village is 750 metres above sea level and is known as the 'Balcony of the Alps'. It has an enviable position offering views of Como, the lake, the plains of Lombardy, the Appennines, the Alps, Mount Monviso and Mount Rosa.

After enjoying the beautiful location, our coach will take us to enjoy a cookery course experience of either pizza or pasta making, making our own lunches today in traditional style.

In the afternoon, we will enjoy a walking tour of Como Town with a visit to the Cathedral of Santa Maria Assunta before dinner at leisure.

One of the real pleasures of any trip abroad is to meet the local people. This evening we are invited to join the Como town English-language speaking group for a real cultural exchange, for a casual conversation with local people about life in the area, to help them to improve their English and learn a little of the Italian language ourselves.
